| <b>Contents</b>  | <b>i</b>    |
| <b>List of Figures</b>   | <b>v</b>    |
| <b>List of Tables</b>  | <b>vi</b>   |
| <b>Executive Summary</b>   | <b>vii</b>  |
| <b>Glossary</b>  | <b>xii</b>  |
| <br>   |             |
| <b>1 INTRODUCTION</b>  | <b>1-1</b>  |
| <b>1.1 Description of the Study Area</b>                         | <b>1-1</b>  |
| <b>1.2 Existing Problems and Aims of this Project</b>            | <b>1-4</b>  |
| <b>1.3 Management Issues</b>                                     | <b>1-5</b>  |
| <b>1.4 Commercial Extraction of Sand from Swan Bay</b>           | <b>1-5</b>  |
| <b>1.5 Structure of This Report</b>                              | <b>1-5</b>  |
| <br>   |             |
| <b>2 BACKGROUND INFORMATION</b>                                  | <b>2-1</b>  |
| <b>2.1 Information Used in the Study</b>                         | <b>2-1</b>  |
| 2.1.1 Reports  | 2-1         |
| 2.1.2 Aerial Photography   | 2-1         |
| 2.1.3 Hydrosurvey Data   | 2-2         |
| 2.1.4 Newspaper Articles and Historical Photographs              | 2-6         |
| 2.1.5 Wind Data  | 2-7         |
| 2.1.6 Water Level Data   | 2-7         |
| <b>2.2 The History of Swansea Channel and Swan Bay</b>           | <b>2-7</b>  |
| <b>2.3 Detailed Site Inspection and Data Collection Exercise</b> | <b>2-14</b> |
| 2.3.1 Foreshores   | 2-14        |
| 2.3.2 Sediment Sampling and Grain Size Analysis                  | 2-18        |
| 2.3.3 Current and Water Level Measurements                       | 2-18        |
| 2.3.4 Flow Patterns and Underwater Inspection                    | 2-21        |
| 2.3.5 Stakeholder Consultation                                   | 2-21        |
| <br>   |             |
| <b>3 ECOLOGICAL ASSESSMENT</b>                                   | <b>3-1</b>  |
| <b>3.1 Methodology</b>   | <b>3-1</b>  |
| <b>3.2 Habitat and Ecological Community Description</b>          | <b>3-1</b>  |

---

|          |  |            |
|----------|--|------------|
| 3.2.1    | Foreshore and Estuarine Wetland Habitat                            | 3-1        |
| 3.2.1.1  | <i>Swan Bay Foreshore</i>  | 3-1        |
| 3.2.1.2  | <i>Swansea Channel Foreshore</i>                                   | 3-3        |
| 3.2.1.3  | <i>Coon Island</i>   | 3-3        |
| 3.2.1.4  | <i>Sand Islands</i>  | 3-4        |
| 3.2.2    | Seagrass   | 3-6        |
| <b>4</b> | <b>ANALYSIS OF EXISTING DATA</b>                                   | <b>4-1</b> |
| 4.1      | <b>Analysis of Aerial Photography and Historical Shoal Mapping</b> | <b>4-1</b> |
| 4.2      | <b>Analysis of Hydrosurvey Information</b>                         | <b>4-3</b> |
| 4.3      | <b>Analysis of Bed Sediments</b>                                   | <b>4-4</b> |
| 4.3.1    | Previous Studies   | 4-4        |
| 4.3.2    | Sampling for this Investigation                                    | 4-6        |
| 4.3.3    | Summary of Sediment Samples and Analysis                           | 4-7        |
| 4.4      | <b>Analysis of Other Data</b>                                      | <b>4-8</b> |
| 4.4.1    | Wind Data and Wave Climate   | 4-8        |
| 4.4.2    | Tidal Planes   | 4-9        |
| <b>5</b> | <b>STAGE 1 NUMERICAL MODELLING</b>                                 | <b>5-1</b> |
| 5.1      | <b>Development of Numerical Model</b>                              | <b>5-1</b> |
| 5.1.1    | Prior History of Numerical Model                                   | 5-1        |
| 5.1.2    | Additional Modifications   | 5-1        |
| 5.2      | <b>Model Calibration</b>   | <b>5-4</b> |
| 5.2.1    | Hydrodynamic Calibration   | 5-4        |
| 5.2.2    | Sediment Transport Calibration                                     | 5-4        |
| 5.3      | <b>Modelling of Existing Condition</b>                             | <b>5-5</b> |
| 5.3.1    | Hydraulics   | 5-5        |
| 5.3.2    | Sediment Transport   | 5-8        |
| <b>6</b> | <b>SUMMARY OF IMPORTANT PROCESSES</b>                              | <b>6-1</b> |
| 6.1      | <b>Conceptual Model</b>  | <b>6-6</b> |
| <b>7</b> | <b>POTENTIAL MANAGEMENT OPTIONS</b>                                | <b>7-1</b> |
| 7.1      | <b>Base Scenario - Do Nothing/Minimalist Approach</b>              | <b>7-1</b> |
