

# Activity Sheet..... 1

**Topic: Navigating the Pathway of Pollution**

**Name:** \_\_\_\_\_

## Brainstorm

Students brainstorm a list of risk factors associated with sources of sedimentation and nutrient enrichment, as highlighted in the Paths of Pollution diagram.

The list could be separated into source categories, including the following:

- **The home**

---

---

---

- **School**

---

---

---

- **Industry**

---

---

---

## Sketch a Pathway

Students to sketch their own home and the pathways of pollution between it and the Lake-front in their local area.
